FREE GUIDED TOUR IN UKRAINIAN LANGUAGE

Dear Guests from Ukraine!

We would like to invite you to a special free guided tour through the premises of the "Krzyżowa" Foundation for Mutual Understanding in Europe. During a 1,5 hour walk you will get to know the history of this unusual place, which holds a very important place in Polish-German relations and is now a vibrant international educational centre for young people and a space open to art and culture. It was here that the German opposition group "Kreisau Circle" was active during the Second World War, and in 1989 the famous Reconciliation Mass took place in the courtyard of the ruined manor. Today, Krzyżowa is home to Europe's largest International Youth Meeting Centre.

We invite you to listen to the story of the exceptional people who created the Foundation and to take a tour of our historic centre.

The guided tour will take place on **14 May, at 11.30 am!**

We look forward to seeing you there!
